# SHIP MANAGER - FedEx & UPS
Speed up your entire shipping process

The ShipRush desktop utility is integrated with a Quick Base application, allowing users to process a shipment with details including recipient address, shipping service, package weight, value, and more, all written back to your Quick Base record.

OVERVIEW

Reduce redundancy and errors while speeding up your shipping process using the MCFTech Ship Manager. Leveraging both Quick Base and ShipRush, the MCFTech Ship Manager integrates the ShipRush desktop shipping client with Quick Base to deliver faster, smarter shipments and returns.

The Ship Manager allows users to streamline their shipping process. Whether you use FedEx or UPS, the MCFTech Ship Manager allows you to automatically post tracking numbers and links back to Quick Base and set up email notifications for deliveries, exceptions, or other status updates.

ABOUT MCFTECH

MCF Technology Solutions (MCFTech) delivers Services, Strategy, and Products to business customers worldwide. We focus on the successful development, deployment, and support of Business Applications for diverse teams. We believe the best solutions come from a sound business understanding and thoughtful application of technology. Our global footprint includes deployments in more than 20 countries as well as systems that touch nearly every corner of the business world.

Our special sauce is "The MCF Way," an iterative, customer-centered methodology based on extensive experience with leading software development, business process, and project management practices.
